Now we can see that...

Happiness is an indicator, a feedback, that we

Unhappiness is an indicator, a feedback, that we

- have not understood harmony and
- do not live in harmony

} at one or more of the 4 levels of our being

Our role is to make the effort for excellence

- to understand harmony and
- to live in harmony

Continuous happiness

Program for Human Being (Our Role in Existence)

Existence is Co-existence

Human Being is by virtue of Co-existence; embedded in Co-existence

All the Human Being needs to do is

1. To understand Co-existence and
2. To live in Co-existence

Program for Human Being (Human Role in Existence)

Human beings have two important things to do:

1. To understand the co-existence

1.1. To understand co-existence –

1.2. To ensure the feeling, thought of co-existence –

Knowledge

Resolution

(ज्ञान)

(समाधान)

2. To live in co-existence

2.1. To live in co-existence with human-beings

–family to world family –

2.2. To live in co-existence in nature

–family order to world family order –

Undivided Society

Universal Human Order

(अखंड समाज)

(सार्वभौम

By these two being ensured by human beings, the result will be Undivided Society and Universal Human Order on Earth, in which Harmony and peace are very natural outcomes

(and there is every provision in Existence for it)

Universal Human Order: Dynamics

1. Observe your Self.
Are you in space?
Are you getting energy from the body?
Is your energy dependent on the body?
When your body is sick, does your energy to think diminish?
Are you energised in space?
Are you being dictated by the body?
Are you self-organised in space?
Innately, you have a natural acceptance for co-existence, harmony and relationship.
To understand and live in co-existence, harmony and relationship is the scope of your full potential, your full possibility as a human being.
Find out if that is the case for you.
2. Make a chart for the whole existence. List down different courses of studies and relate them to different realities in the existence (such as plants, human mind, animals etc.).

Expected Outcome

The students are able to obtain a holistic vision about the existence.

It is in the form of co-existence, rather than a chaos.

Every unit is energized, self-organised and is participating with other units in an orderly manner for mutual-fulfilment.

It is only the human being without right understanding that is violating this underlying co-existence.

They are able to appreciate the need to understand the co-existence in existence.
