

**3-day
Faculty Development Program
for Students' Induction Program**

Focus on UHV-I

Welcome to this 3-day Workshop

It is a privilege for us to spend 3 days with you,
the teachers preparing our Nation's next generation

We are Co-explorers

We, the facilitators, are co-explorers like you

We are also seekers

We are trying to understand ourselves,
we are looking for the truth of what it is to be human,
what is the full potential of human personality,
so that we can live with fulfilment and
share, with the trust that some day
it will lead to the creation of a just and equitable society

We can only walk the path with you and
share some *proposals* for your self-exploration.

We trust that you will explore, verify...

Process: Self-exploration

Facilitator (words) Participant (seeing the corresponding reality)

Proposal — Listen – Explore – Meaning (reality)

Proposal — Listen – Compare with your perception – Agree / Disagree 

Other can be a help in understanding,
can not make one understand

One understands by exploring within, seeing directly
not by comparing...
