

Content and Procedure for Developing the UHV Resource Persons

CONTENT

Harmony at all levels of human existence (individual, family, society, nature/existence). Understanding harmony is essential for living in harmony. Understanding and living in harmony leads to a state of continuous happiness. This can form the core content for resource person development.

RESOURCE PERSON QUALIFICATION

The resource person needs to understand harmony and develop the competence to live in harmony at all these levels; to share the core content with students, teachers and policy makers. That means the resource person should be able to successfully conduct UHV-I, UHV-II courses for students and later, the various types of UHV FDPs for faculty, including the 8-day FDP (UHV-I and UHV-II), 10-day Refresher-1 and 10-day Refresher-2.

The success of a resource person is finally in how many other successful resource persons s(he) has developed. The short-term indicators can be UHV-I and UHV-II faculty rating given in the student feedback, the resource person rating given by the participants in the 3-day and 7/8-day FDPs, the % of FDP participants who commit to attending the next higher-level FDP, the % of FDP participants who actually attend the next higher-level FDP within 2 years etc.

 - 40% time for Question-Answer (higher issues in relation to UHV-I and UHV-II content may come up, so they will be responded to)
