8. Guidelines for Developing University/College as a UHV Nodal Centre

Development of a UHV Nodal Centre in any university or institution is a gradual process, starting with preparing the infrastructure and people. This document briefly describes this process.

To Conduct FDPs the requirements are:

1. Infrastructure – to be able to host the FDPs with 30% or more faculty staying in their guest house/hostel
2. Local program Coordinator

To be a POTENTIAL Nodal Centre

all the above +

1. Institute SAC with an Institute SIP Cell and UHV Cell
2. Institute faculty from every department trained through 7 or 8-day FDP-SI in the ratio of 1:20
3. Institute is conducting the 3-week SIP sincerely (and collecting appropriate feedback etc.)

To be a NODAL CENTRE

All the above +

1. There is a Mentoring program for all 4 years (1 UHV Faculty from the department for every 20 students of that department. The UHV Faculty is meeting the 20 students every week for at least 1.5 hours etc.)
2. There is a Student Buddy program for all but the final year (1 senior student buddy for every 5 students. The student buddy meets the group of 5 students every week for at least 1.5 hours etc.)
3. The institute conducts the UHV-II course in the 3rd/4th semester
4. The institute has developed 1-5 UHV resource persons who are conducting FDPs for faculty members of the same institute as well as other institutes
5. The institute is working to be a living model (of humane society) and is keen to apply its efforts for the same in the larger community, particularly in nearby 100 colleges. It is able to take responsibility for the development of UHV Faculty (Mentors) and UHV Resource Persons of these 100 colleges

Of course, the University to which this institute belongs must be also willing for the above. The university must also have the following:

1. University Coordinator who is active in ensuring the 1:20 UHV Faculty development in all the colleges/institutions affiliated with the university
2. University SAC, SIP Cell and UHV Cell

The 2020-21 Approval Process Handbook has introduced the first part of this process by asking institutions for their UHV Faculty (Mentor) preparation.

9. Resource Person Development Process

Please see Resource Person Development Process for details of development of faculty and resource persons

Relevant FDPs

3-day FDP-SI = 3-day UHV FDP = 5-day UHV Online Workshop
7/8-day FDP-SI = 8-day UHV FDP = 8-day UHV-I & UHV-II FDP
10-day UHV Refresher-1 FDP
10-day UHV Refresher-2 FDP
