Harmony in Nature/Existence – Nature

Process of Understanding

Self Exploration

Whatever is stated is a **Proposal** (Do not assume it to be true/ false)
Verify it on your own right

Next we want to explore Nature/Existence

So far we have explored our Natural Acceptance

Our Natural Acceptance is for living in Harmony – as an Individual, as a Family, as a Society...

Is there provision in Nature/Existence for living in accordance with our Natural Acceptance?

Is it possible to live in harmony as an Individual, as a Family, as a Society...?

Is co-existence, mutual fulfillment inherent in Nature?

Or

Is the design of nature/existence by way of opposition, struggle, survival of the fittest...?

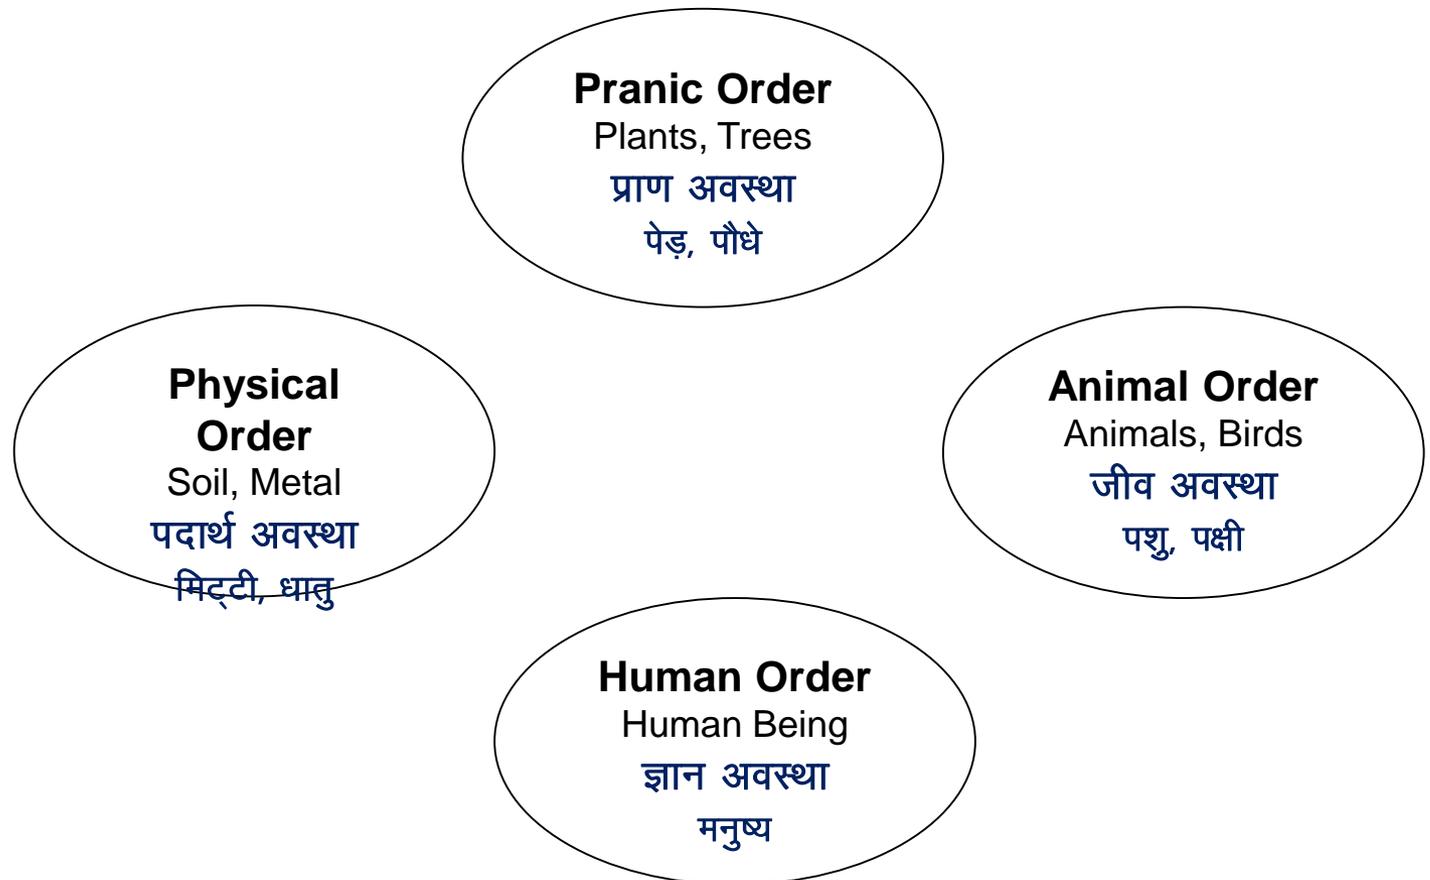

We will explore the underlying design of Nature/Existence with these questions...

Nature = Collection of Units

Nature = Collection of Units = 4 Orders

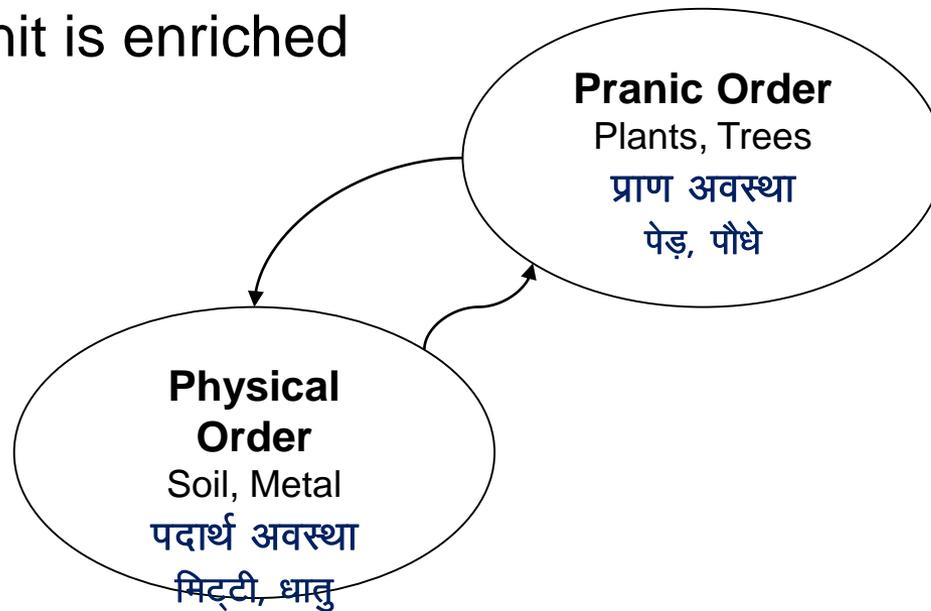

All units can be classified into 4 orders

Between Physical Order and Pranic Order

Mutual fulfillment

1. Cyclic, interconnected, interdependent
2. Every unit is enriched

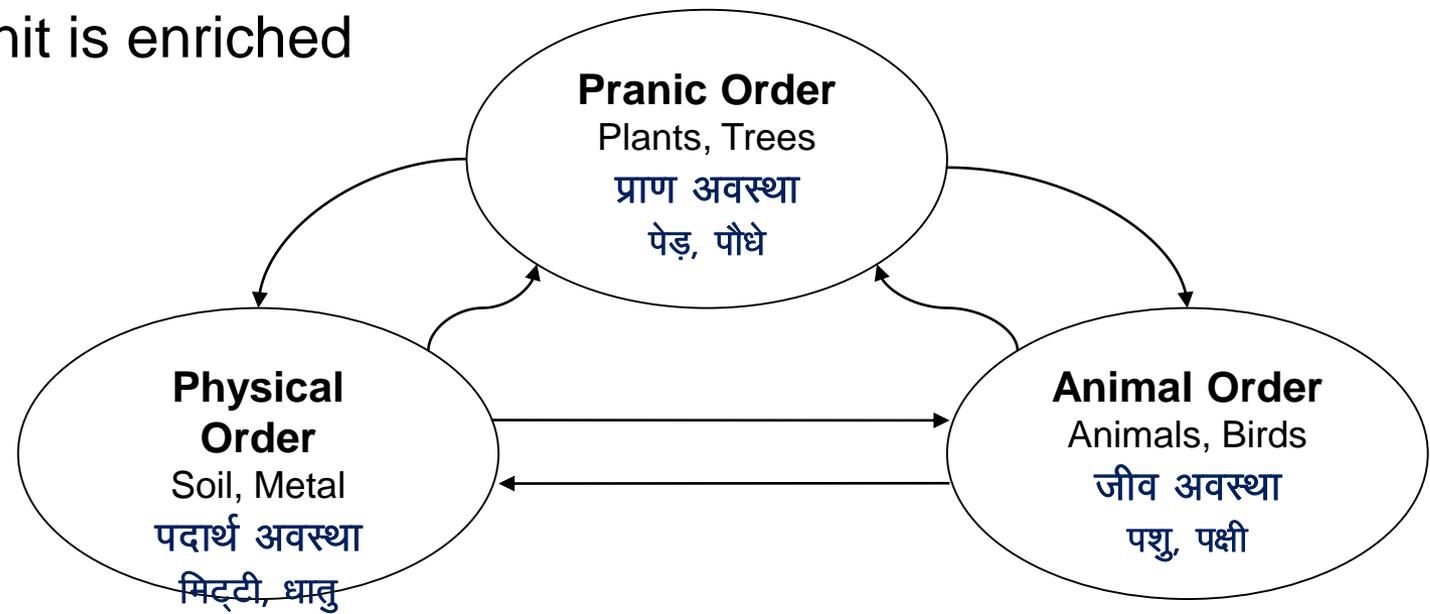

Relationship of Mutual Fulfillment परस्पर पूरकता का संबंध

Between Physical Order, Pranic Order and Animal Order

Mutual fulfillment

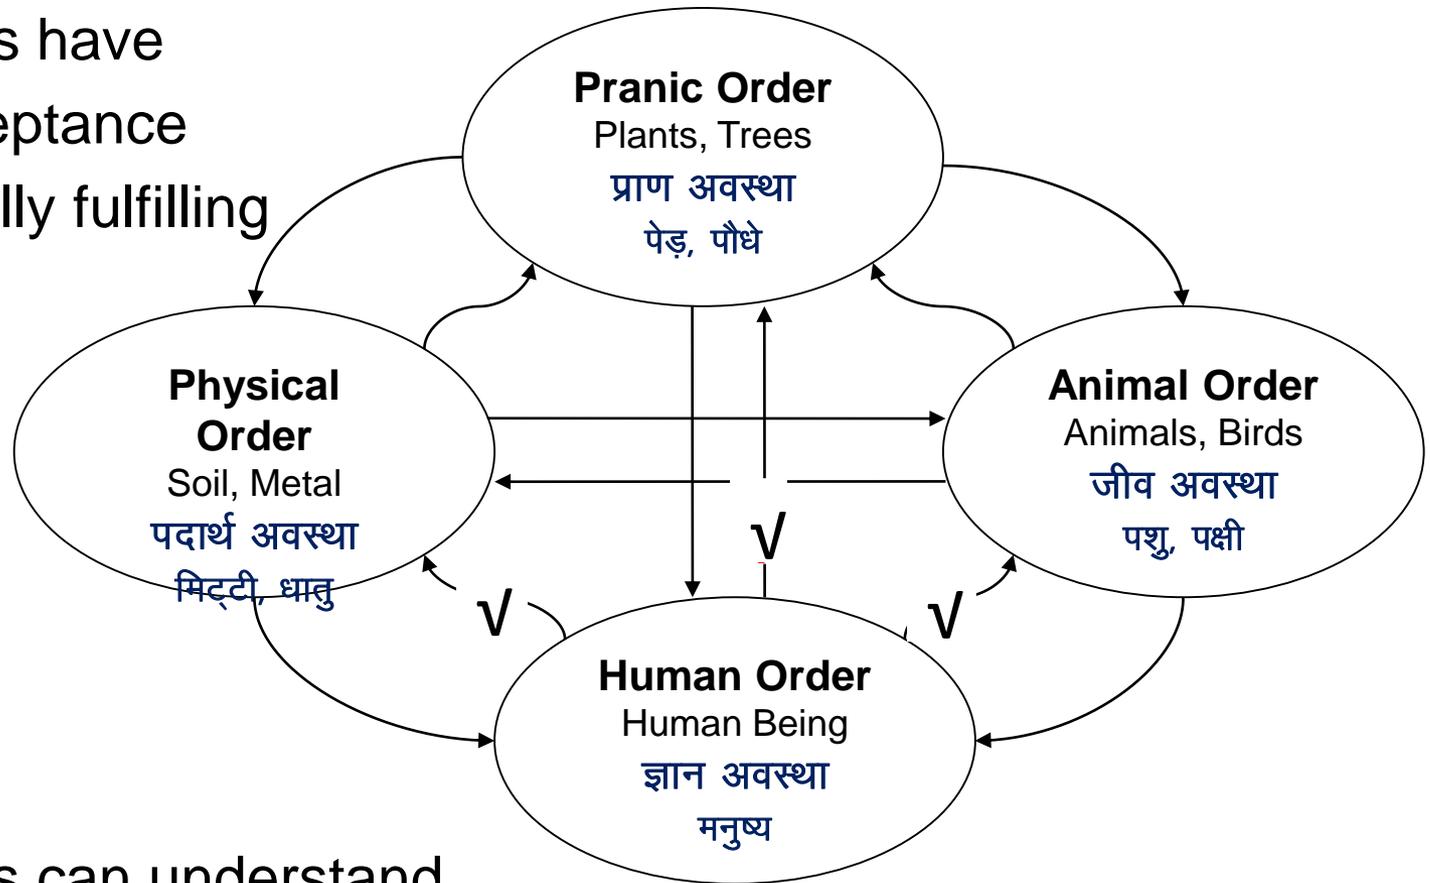

1. Cyclic, interconnected, interdependent
2. Every unit is enriched

Relationship of Mutual Fulfillment परस्पर पूरकता का संबंध

Physical Order, Pranic Order and Animal Order are enriching for Human Order, but Human Order (without right understanding) is not fulfilling for any of the 4 orders

Human beings have natural acceptance to be mutually fulfilling

Human beings can understand the mutual fulfillment and be fulfilling for all 4 orders...

Relationship of Mutual Fulfillment परस्पर पूरकता का संबंध

Human beings have natural acceptance to be mutually fulfilling for all

To be mutually fulfilling, human beings have to understand mutual fulfilment (harmony) in nature

Present-day Problems are largely due to Lack of Understanding

Resource Depletion – The resource is used at a rate which is faster than the rate at which it is produced in nature

संसाधन अभाव – उत्पादन में प्रयुक्त संसाधन की गति, उसके प्रकृति में पैदा होने की गति से ज्यादा है

Pollution – The product is such that

1. It does not return to the cycle in nature or
2. It is produced at a rate that is faster than the rate at which it can return to the cycle in nature

प्रदूषण – उत्पादन ऐसा है कि

1. उत्पादित वस्तु चक्र में वापस नहीं आती या
2. उत्पादन की गति प्राकृतिक चक्र में वापस जाने की गति से ज्यादा है

Sum Up

- | | | |
|-------------------|-----------------------|--|
| 1. Physical order | – soil, metals etc. | } Nature = Collection of Units
= 4 Orders |
| 2. Bio order | – trees, plants etc. | |
| 3. Animal order | – animals, birds etc. | |
| 4. Human order | – human beings | |

There is a relationship of mutual fulfilment (harmony) amongst these 4 orders. The first 3 orders are mutually fulfilling for each other. They are fulfilling for human being also. It is naturally acceptable to human beings to be fulfilling for all the orders

The role of human being is to realize this mutual fulfilment – For this, all that human beings need to do is:

1. To understand that mutual fulfilment (harmony) is inherent in nature – we do not have to create it
2. To live accordingly – then the mutual fulfilment amongst the 4 orders will be realised

and there is provision in nature for living with mutual fulfilment (harmony)

Self Reflection

Self Reflection

1. What are your assumptions about nature? Is it for human enjoyment or does human being have a role to play for harmony in nature?
2. In a typical day, how much time do you interact with physical order, bio order, animal order and human order?
What is that interaction (taking, giving, appreciating, fulfilling a responsibility...)
3. How do you and your family contribute to / participate in maintaining the order (harmony) in nature?
4. Can you see that units of the physical order, bio order and animal order have a definite conduct? Can you see that if the conduct of a human being is in accordance with their natural acceptance, then it will be definite (because the natural acceptance is definite)?

Harmony in Nature/Existence – Existence

Process of Understanding

Self Exploration

Whatever is stated is a **Proposal** (Do not assume it to be true/ false)
Verify it on your own right

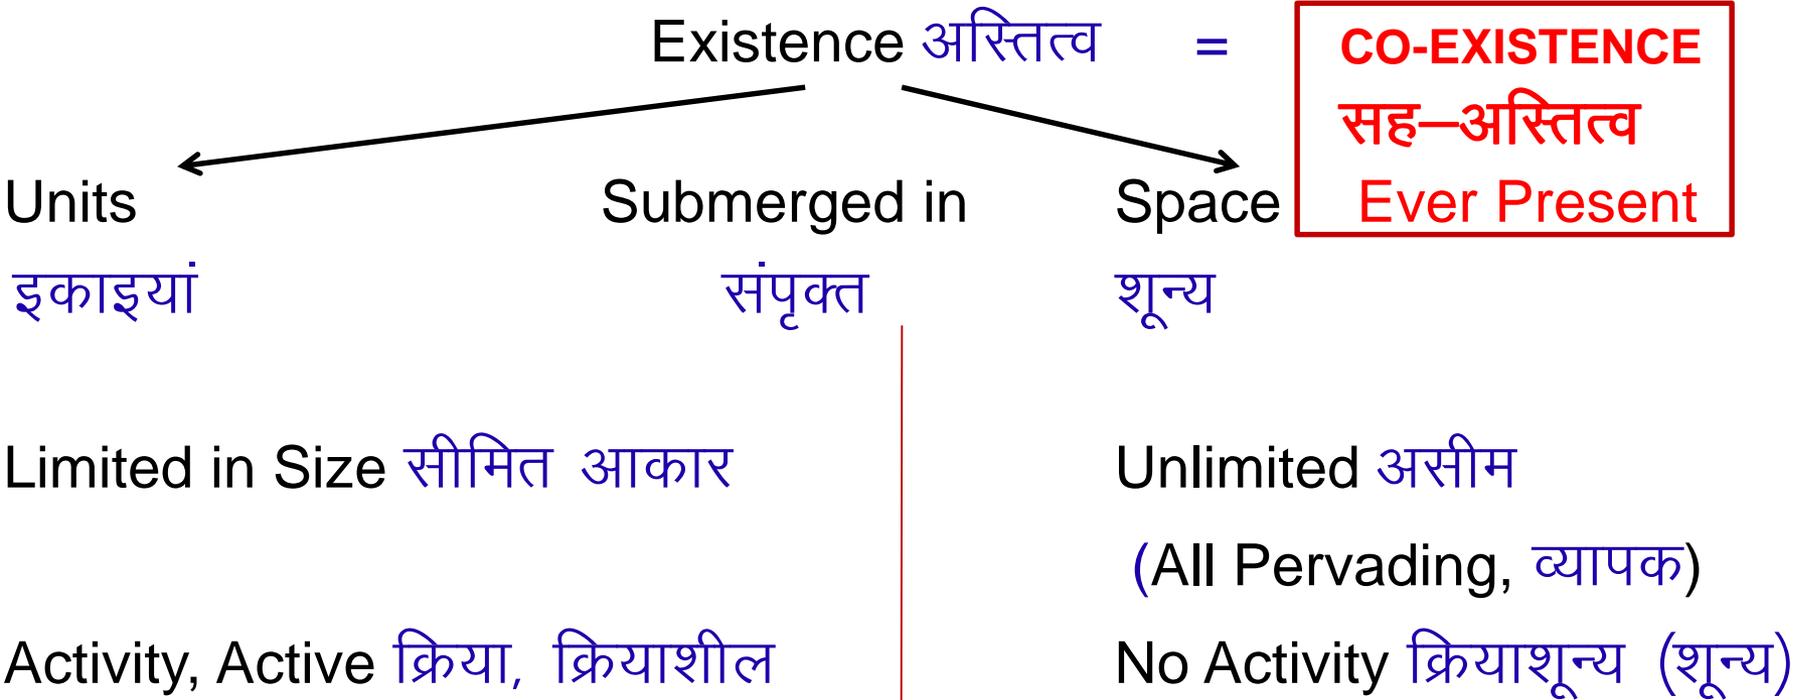

Harmony in Existence अस्तित्व में व्यवस्था

अस्तित्व = अस्ति + त्व
↓ ↓
है / होना व्यवस्था

Existence = Exist + Essence
↓ ↓
Whatever Exists is/to be harmony (mutual fulfillment)

अस्तित्व = सह-अस्तित्व = शून्य में संपृक्त इकाइयां
Existence = Co- Existence = Units submerged in Space

Harmony in Existence अस्तित्व में व्यवस्था

1. Energised in Space (शून्य के सह-अस्तित्व में ऊर्जित है)
2. Self organised in Space (शून्य के सह-अस्तित्व में नियंत्रित है, स्वयं में व्यवस्था है)
3. Recognises it's relationship,
Fulfills its relationship with every other Unit in Space
(शून्य के सह-अस्तित्व में परस्परता को पहचानती है, निर्वाह करती है
बड़ी व्यवस्था में भागीदार है, समग्र व्यवस्था में भागीदार है)

Sum Up

Existence is in the form of co-existence. It is ever present
(Existence = **Co- Existence** = Units submerged in Space)

Every unit in existence is related with every other unit in existence in a mutually fulfilling manner

Synergy is intrinsic to existence, harmony and relationship is inherent in nature – we do not have to create it, we do not have to construct it

The role of Human Being is to realize this co-existence, this harmony, this relationship – For this, all that human beings need to do is:

1. To understand the co-existence in existence
2. To live accordingly – to live with the feeling of co-existence
(and there is every provision in existence for living in co-existence)

Self Reflection

Self Reflection

1. Is Nature/Existence self organized or is it a chaos?
2. Is struggle inherent in Nature/Existence?
3. Is there survival of the fittest in Nature/Existence?
 - Are there winners and losers
 - all are interconnected, interdependent and in a relationship of mutual fulfilment?
4. Have we understood ourself, nature/existence and our role in existence correctly? Are we are fulfilling that role? Are we fulfilled within? If not, then do we need to? How? What is the role of the teacher in all of this?
