

Overall FDP Process

The 3-week SIP is mandatory for all AICTE affiliated colleges. The UHV-I module requires the development of UHV Faculty Mentors (Facilitators). The AICTE guideline is 1 UHV Faculty Mentor for every 20 students. So, if an institution has intake of 100 first-year (newly joined) students, they are expected to ensure 5 faculty members have attended the 8-day FDP-SI and they subsequently conduct UHV-I during the SIP. In On an average, a well-attended FDP-SI has 60 participants, though we aim for 100.

NCC-IP is expected to:

1. Develop the plan /set targets for effective running of SIP and development of adequate UHV Faculty Mentors (Facilitators) for it Nationwide
2. Implement the plan
3. Share the plan, implementation and progress through Convener NCC-IP from time to time

Chairperson NCC-IP Overall Planning, Coordination

Convener NCC-IP Overall Consolidation, Coordination (see also NCC-IP)

RC Region Coordinator (see also RO)

- FDP planning for universities/colleges/institution in region

UC University Coordinator (also see University SIP Cell, University VE Cell)

- FDP planning (particularly for specific university and all its constituent & affiliated colleges)

SAC State Academic Coordinators

- FDP planning

LPC Local Program Coordinator (also see College SIP Cell, College VE Cell)

- FDP implementation at university/college/institution

Coordination Sub-committee – Coordination support

All FDPs must be loaded on the AICTE FDP Portal and follow through due process outlined in the chart below.

For loading FDPs on the AICTE FDP portal, the details are to be shared with the RC and Convener in a timely manner. List of planned FDPs are available on the AICTE FDP Portal.
